

Automated, Flexible Staining

Gemini Slide Stainer System

epredia

Small Footprint, Big Capacity

The Gemini™ AS Slide Stainer provides flexible automation with the smallest footprint among leading high volume stainers.

Flexibility

- Run several protocols with 26 or 31 reagent stations
- Meet demanding workflows with 5 optional drying stations
- Run H&E and Papanicolaou or special stains simultaneously

Compact Design

- Two-tiered design provides the ultimate in space-saving functionality
- Footprint minimized by integrating touch-screen and power supply
- Stand-alone unit fits easily into the available workspace

Efficiency

- Software optimizes multiple protocols to minimize turnaround and reagent use
- Urgent Start prioritizes critical slides without compromising other batches
- Convenience of automated staining and coverslipping with ClearVue Coverslipper and Slide Basket Transfer System

Product Description	Cat. No
Gemini AS with 26 reagent stations and 5 heater stations	A81500001
Gemini AS with 26 reagent stations and 5 dry storage positions	A81500002

1. Ease of use with integrated touch screen and intuitive software
2. Flexibility of running up to 12 baskets simultaneously
3. Fits into your workspace with small footprint of 720 x 790 x 888 mm (28.5 x 31 x 35 in)
4. Focus on user safety with fume extraction and charcoal filtration
5. Automate workflow with ClearVue Coverslipper and Slide Basket Transfer System

Epredia Signature Series™ Stains

Produce slides with high clarity and nuclear delineation with the Epredia Signature Series Stains and Reagents compatible with Gemini Slide Stainer. Contact your Epredia representative for our whole line of stains and sizes.

Product Description	Cat. No
Hematoxylin 7211, 4 x 1 pt (0.47 L)	7211
Hematoxylin 7212, 4 x 1 pt (0.47 L)	7212
Hematoxylin 1, 4 x 1 pt (0.47 L)	7221
Hematoxylin 2, 4 x 1 pt (0.47 L)	7231
Eosin-Y, 4 x 1 pt (0.47 L)	7111
Bluing Reagent, 4 x 1 gal	7341
Clarifier 1, 4 x 1 gal (3.8 L)	7441
Clarifier 2, 4 x 1 gal (3.8 L)	7442

Combined Staining and Coverslipping Solution – Gemini ClearVue Combined System

Free up technician time with the automatic transfer of slide baskets from the Gemini AS Slide Stainer to the ClearVue Coverslipper by the Slide Basket Transfer System.

- User is notified when the slides have finished coverslipping in the ClearVue Coverslipper
- Components available separately to upgrade existing equipment‡

ClearVue Coverslipper

Improve workflow with automatic mountant protocol selection

- Combines histology and cytology samples simultaneously without user interaction
- Reduced hands-on time with high-capacity slide baskets and on-demand capabilities

Product Description	Cat. No
Gemini™ ClearVue™ Combined Staining and Coverslipping Solution	
- With 26 reagent stations and 5 heater stations	A84500005
- With 26 reagent stations and 5 dry storage positions	A84500006
ClearVue Coverslipper	A79200001
